William H. Edmunds Died Sunday Afternoon—Was Prominent Citizen.

William H. Edmunds, died yesterday afternoon at his residence on Pleasant street after three and one-half years of failing health from chronic nephritis and valvular heart disease. During that period he had been two or three times very weak and apparently near the end, but rallied remarkably, and two years ago in July he attended the semi-centennial celebration at Gettysburg, Pa., feeling no worse for the trip. His final illness was of about four weeks' duration and during that time those nearest him had little hope that he could rally again. The funeral will be held to-morrow at 2 o'clock at the home, under Masonic auspices, and interment will be in the family lot in Rutland on Wednesday. The deceased was one of the most widely known men in town and will be greatly missed. He was of a kind disposition and of good judgment and his advice was widely sought. He was born to Linus and Rhoda (Fisk) Edmunds in Danby Aug. 27, 1840, and thus had completed his 75th year. At the age of 15 years he moved to Chittenden and in 1859 married Martha Wood of that town. In 1862 he enlisted as a private in Co. I, 7th Vermont regiment and was successively promoted corporal and sergeant, being discharged at the close of the war as lieutenant. In 1871 he brought his family to South Stockbridge, where they lived 23 years and where he engaged extensively in lumbering, owning at times as much as 3,000 acres of timber lands. With him were associated for a time Porter & Fullam, a Massachusetts firm, and later Nelson Ellison, a prominent Bethel man, but Mr. Edmunds later carried on the business alone, cutting up the lumber in steam mills and marketing the product, which included both hard and soft wood lumber. Twenty-one years ago he came to this village and occupied the home which he had built for himself and where he had since resided. He retained his Stockbridge lumber interests till 11 years ago, since which time he had lived a quieter life, by no means wholly retiring from business, however. After coming here he built the house near his residence which is now owned and occupied by J. E. Ripley. Mr. Edmunds twice, in 1886 and 1888, represented Stockbridge in the general assembly and was several years a selectman, both in Stockbridge and Bethel. He was a past master of White River lodge, No. 9, F. and A. M., and a member of H. H. Baxter post, No. 111, G. A. R., and was very active in both organizations. He is survived by his faithful wife of 56 years and by all of their eight children, Myrtle H. Edmunds of Chittenden, Carrie, wife of Albert N. Newell of Bethel, Linus Edmunds of Rutland, George W. Edmunds of Bethel, Ruth, wife of E. C. McIntyre of Bethel, Lewis F. Edmunds of Royalton, Dr. F. A. Edmunds of Bethel and Willis R. Edmunds of Rutland, 14 grandchildren and five great-grandchildren, a brother, Reuben Edmunds of Middletown Springs, five nephews and four nieces.

Quaker RANGES

Since 1854 Quaker Ranges Have Stood the Test of Daily Service!
A Record That Is Without Comparison

To have commanded public confidence all these sixty years is indeed a proud distinction, but greater still is this fact—**Quaker Ranges** represent the surest and best ideas of modern range development. That is why the Quaker Range today, like the Quaker Range of old, commends itself immediately to so many buyers. Stately in its simplicity, nothing is lacking that will add to ease and certainty in baking, and what is just as important, nothing is added for appearances that may hinder rather than help.

The village school will hold a promenade and Halloween party in the Congregational vestries Friday evening, Oct. 29. Miss Marion Jones entertained about 40 of her friends Friday night at her home. A most enjoyable evening was spent in playing games, music and promenading, and refreshments of ice cream and cake were served.

ROCHESTER
The barber shop, occupied for several years by Mrs. Huntington, is being used to enlarge the Aldrich meat market. Herman Kent was home last week from his school in Randolph. Mrs. John Welch of Hancock was a recent guest at Almon Goodno's. A new bridge has been put in near Julius Root's, the old one having been pronounced unsafe. L. J. Spencer and Almon Nye are doing the work. A son was born to Mr. and Mrs. John Aldrich Oct. 17. There will be a chicken-pie supper and sale at the Congregational church parlor Oct. 27. The engagement of Miss Catherine Campbell to Walter Scanlan of Boston was recently announced at a party given in her honor by her sister, Mrs. E. S. French. All those interested in a board of trade being organized for the town of Rochester are requested to meet at the office of the White River railroad in Rochester on Wednesday evening, Oct. 27. Charles Cloran is in Burlington for treatment for injury to his eye, a piece of steel having entered it. Charles Martin spent last week at the home of his nephew in Ascutneyville and also of his brother, Azro Martin, whose 90th birthday anniversary occurred during his visit. Mrs. Mabel Pollard and daughter and her mother, Mrs. Julia Harvey, arrived from South Acton, Mass., and visited at John Howard's last week. Mr. and Mrs. Caleb Eaton have returned from a visit to their son in Boston, the latter having gone to Georgia for the winter, hoping that his health may be improved by the change of climate. Mr. and Mrs. Cleson Cook of Ansonia, N. Y., were recent visitors in town. A daughter was born to Mr. and Mrs. Leon Wyman Oct. 14. Miss Della Walker is having a short vacation from her duties as telephone girl and is at her home in Stockbridge. Henry Carey has bought a building lot of George Greeley and will build a house there. L. J. Spencer picked a bouquet of dandelion and buttercup blossoms on his farm, Sunnyside, Oct. 22, and they were as fresh as those in June.

Diseases of Children
I find worms one of the most common of children's diseases—either pinworms or stomach worms. These parasites which their presence felt through deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly with occasional gripings and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the rectum, short dry cough, eructing of the teeth, little red points sticking out on tongue, starting during sleep, slow fever.

For over 60 years Dr. True's Elixir, the Family Laxative and Worm Expeller, my father's discovery, has been the standard remedy for worms, stomach disorders and constipation, both for children and adults. Mr. Wm. L. Wylie of Houston, Texas, writes: "I want to say that Dr. True's Elixir is certainly a fine medicine." At all dealers, 25c, 50c and \$1.00. Advice free. Write Auburn, Maine. **Dr. True**

WASHINGTON
Members of the I. O. O. F. and other friends met at the home of Mr. and Mrs. H. S. Smith last Wednesday evening for their wedding reception. Mr. and Mrs. Smith were presented an art square, a nice chair and a large number of pieces of silverware, also quite a sum of money. The guests found amusement in dancing and refreshments of punch and wafers were served during the evening.

Card of Thanks.
We wish to thank the Odd Fellows, Rebekahs and other friends for the beautiful presents, the sum of money and the very enjoyable time they gave us at the time of the reception.

Mr. and Mrs. H. S. Smith.

SCHENECTADY STRIKE ENDS.
13,000 Employees Accept the General Electric Co.'s Terms.

Schenectady, N. Y., Oct. 25.—The strike for an eight-hour day, which has been carried on since Oct. 3, by 13,000 employees of the General Electric company's plant, was settled Saturday night by the strikers' agreement to accept the company's offer of settlement before the strike began.

Under the settlement the employees agreed to a 9½-hour day and a five per cent increase in wages immediately and a nine-hour day and another five per cent wage increase on Oct. 1, 1916, and agreed to return to work to-day. Before the strike they had worked ten hours a day.

The producing end of the plant was completely tied up for three weeks, and for a time the strike threatened to be extended to plants of the company in Pittsfield and Lynn and Fort Wayne, Ind. It did extend to Long Island City, where 238 employees of the tool department of the General Electric company, struck out of sympathy.

his previous college course wholly to getting as wide an acquaintance with as many subjects as possible, and leave his thorough knowledge of one field to his professional training? The answer is obvious to anyone who has had practical experience. The mind that deals only with elementary work in many subjects rarely gets the vigorous training needed to acquire a firm grasp of any of them. The smattering on leaving college is a smattering. He has never learned anything thoroughly, and although he may do so later, his subsequent training will hardly relate backwards to illumine and deepen his knowledge of subjects that was superficial when he acquired it. If the best result is to be obtained, the thorough study of one subject must be contemporaneous with the diversified study of others, and radiate light into them.—A. NO INTEREST IN LIFE
Health Gone—Position in Danger—Both Saved by Vinol

Dear people, please do us the favor to read this letter.

Brooklyn, N. Y. "I was completely run down, had no appetite and but all interest in life. I thought I surely would have to give up my position. I learned of Vinol, and after taking one bottle felt better. I have taken it for a few weeks, and it has built me up and cured me. If people who feel weak, nervous and run down would only try Vinol, I know it would help them as it did me."

Robert Mitchell, 1250 Herkimer street, Brooklyn, N. Y.

This Brooklyn man's case is only additional proof of what we have been telling these people for years. We claim and are continually proving that Vinol is the greatest health and strength creator for overworked and run-down people obtainable. We will back this statement by agreeing to return anyone's money who will try it and who finds our claim not true.

BAD COLD? TAKE "CASCARETS" FOR BOWELS TO-NIGHT

They're Fine! Liven Your Liver and Bowels and Clear Your Head

No Headache, Sour Stomach, Bad Cold or Constipation by Mercing

Get a 10-cent box.

Cold—whether in the head or any part of the body—are quickly overcome by urging the liver to action and keeping the bowels free of poison. Take Cascarets to-night and you will wake up with a clear head, and your cold will be gone. Cascarets work while you sleep; they cleanse and regulate the stomach, remove the sour, undigested food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember the quickest way to get rid of colds is one or two Cascarets at night to cleanse the system. Get a 10-cent box at any drug store. Don't forget the children. They catch this coldy catchment and it is often all that is needed to drive a cold from their little systems.—Adv.

GOVERNMENT TAKES CONTROL.
Will Try to Handle the Food Situation in Germany.

Berlin, Oct. 25.—The German federal government in Berlin Saturday decided to assume control of the price and supply of victuals throughout Germany. Up to the present time the state provincial authorities had been considered competent to handle the food situation.

The German government now considers it necessary, the Overseas News agency says, to equalize the position of the various sections of the empire as to the distribution and the price of victuals, which are abundant, but under different conditions in the various states and provinces of Germany. New regulations will be made in order to avoid differences and to distribute food in an equal manner throughout Germany, thereby assuring for the coming months full supplies at reasonable prices in all districts.

The General Says:—

"There are some very good reasons why my business is bigger each year than it was the year before."

Some years ago asphalt roofing was sold at high prices because the volume was small and facilities were limited.

When the General entered the field he broke up the high price combine by taking advantage of all possible manufacturing economies, thereby reducing production costs to the minimum and at the same time making a roofing of unexcelled quality.

Eventually the General became recognized as the leader of the entire field, and today the best known and largest used brand in the world is

Certain-teed Roofing

The General's big success brought about an attempt by others to imitate his policies and prices, but they didn't have the General's wonderful facilities, nor his superior equipment, nor his big organization, and it was an economic impossibility for them to equal the General's quality and price. Consequently with the reduction in price there was a big reduction in quality, and these lower quality roofings began to be sold under labels that had formerly been used on better goods.

Today the market is flooded with low quality roofings, made to sell at cheap prices without regard to the service they will give.

When you roof your building with Certain-teed you have a responsible manufacturer's guarantee of 5, 10, or 15 years according to whether the thickness is 1, 2, or 3 ply respectively. This is your assurance that Certain-teed will give you at least a definite guaranteed service, because of guarantees without responsibility behind them.

Certain-teed products are used and well known the world over. Consult your local lumber and hardware dealers. They will quote you reasonable prices.
